- Only items listed on this application may be displayed / sold
- **No sharing of space**
- Any Trader-provided banners must be neatly displayed and confined to the assigned area. Traders are responsible for properly displaying a listing of products sold and the corresponding prices
- Traders are responsible for the decoration of their own stations

Please add in a description of your product range as well as the attributes that apply to your product i.e. Organic/seasonal/handmade/locally produced/locally grown/ locally sourced raw materials

Displaying Your Products

The most important consideration as a Trader for the Camphill Village Market is that the image you convey should sell your products as being earthy, natural, wholesome, locally produced, and fresh. Materials and textures utilized should match customers' expectations of why they visit the farmers' market vs. the supermarket. Weathered wood, slate, burlap, and similar materials work very well at little cost to you. If you are making use of a trestle table, please ensure that it decorated in keeping with the general theme.

Traders are responsible to keep the area around their stand clean and must leave the area clean and tidy at the end of the day.

Trader Signature: _____ Date: _____
